

Issues

| # | Project | Tracker | Status | Priority | Subject | Assignee | Target version |
|------|---------------|---------|----------|----------|---|------------------|----------------|
| 811 | Babeltrace | Bug | Resolved | High | multiple channels in live fails to parse | Julien Desfossez | 2.4 |
| 708 | Babeltrace | Bug | Resolved | High | babeltrace lttng-live should accept 0 in addresses | Julien Desfossez | |
| 320 | Babeltrace | Feature | Resolved | High | Add lost event count in API | Julien Desfossez | Babeltrace 1.0 |
| 259 | Babeltrace | Bug | Resolved | High | Double event when you seek by time at 0 | Julien Desfossez | Babeltrace 1.0 |
| 64 | Babeltrace | Bug | Resolved | High | Properly separate libctf and libbabeltrace | Julien Desfossez | 2.0 RC1 |
| 279 | LTTng-modules | Feature | Invalid | Normal | configure and trigger manually statedump and metadata dump | Julien Desfossez | |
| 853 | LTTng-tools | Feature | Resolved | Normal | Live session is listed by relayd after the session has been destroyed | Julien Desfossez | 2.8 |
| 954 | LTTng | Feature | Resolved | Normal | Allow regenerating the LTTng-UST and LTTng-modules metadata after NTP major adjustment | Julien Desfossez | 2.8 |
| 955 | LTTng | Feature | Resolved | Normal | Expose buffer overwritten information in LTTng-UST and LTTng-modules | Julien Desfossez | 2.8 |
| 725 | LTTng-tools | Bug | Resolved | Normal | babeltrace of flight recorder trace complains about spurious event losses | Julien Desfossez | 2.8 |
| 1003 | LTTng-tools | Bug | Resolved | Normal | Passing an unexpected argument to "lttng metadata" should result in an error. | Julien Desfossez | 2.8 |
| 827 | Babeltrace | Bug | Resolved | Normal | Babeltrace prints an error and segfaults if SIGTERM is received while adding traces in live mode. | Julien Desfossez | Babeltrace 1.2 |
| 723 | LTTng-tools | Bug | Resolved | Normal | lttng-relayd did not terminate on SIGINT (Ctrl+C) | Julien Desfossez | |
| 726 | LTTng-tools | Bug | Resolved | Normal | consumerd stops receiving events after interrupting relayd and starting a new session | Julien Desfossez | |
| 722 | LTTng-tools | Bug | Resolved | Normal | SIGABRT using lttng-relayd (assertion failed) | Julien Desfossez | 2.6 |
| 278 | LTTng-modules | Feature | Resolved | Normal | ioctl to export the stream_id field offset in the packet header | Julien Desfossez | |
| 816 | LTTng-UST | Bug | Resolved | Normal | race condition in metadata flush in live with dyninst (prototype) | Julien Desfossez | |
| 596 | LTTng-tools | Bug | Resolved | Normal | document lttng create --snapshot | Julien Desfossez | 2.3 |
| 360 | Babeltrace | Bug | Resolved | Normal | intermediate representation is leaking | Julien Desfossez | Babeltrace 1.0 |
| 277 | LTTng-modules | Feature | Invalid | Normal | ioctl to set stream_id for streaming | Julien Desfossez | 2.1 pre |
| 154 | Babeltrace | Bug | Resolved | Normal | create a developer guide | Julien Desfossez | Babeltrace 1.0 |
| 294 | Babeltrace | Feature | Resolved | Normal | Time stamp as clock cycle number | Julien Desfossez | |
| 266 | Babeltrace | Bug | Resolved | Normal | Cannot select between a raw or normal timestamp in bt_trace_hande_get_timestamp_end/begin | Julien Desfossez | Babeltrace 1.0 |
| 293 | Babeltrace | Bug | Resolved | Normal | API problem with bt_iter_set_pos | Julien Desfossez | Babeltrace 1.0 |
| 209 | Babeltrace | Bug | Invalid | Normal | libbabeltrace does not complains if it cannot correlate two traces | Julien Desfossez | Babeltrace 1.0 |
| 197 | Babeltrace | Bug | Resolved | Normal | format null pointer error when trying to remove a trace | Julien Desfossez | Babeltrace 1.0 |
| 163 | Babeltrace | Bug | Resolved | Normal | lter_set_pos BEGIN and END are not implemented | Julien Desfossez | Babeltrace 1.0 |
| 159 | Babeltrace | Bug | Resolved | Normal | bt_iter_create should have a default begin position of BEGIN and not current | Julien Desfossez | |
| 164 | Babeltrace | Bug | Resolved | Normal | bt_ctf_iter not correctly initialized if no start parameter passed | Julien Desfossez | |
| 166 | Babeltrace | Bug | Resolved | Normal | multiple iterators not implemented but possible | Julien Desfossez | 2.0 stable |

| # | Project | Tracker | Status | Priority | Subject | Assignee | Target version |
|-----|-------------|---------|----------|----------|--|------------------|----------------|
| 103 | Babeltrace | Bug | Resolved | Normal | Fail silently if trying to open a trace which we don't have the permission | Julien Desfossez | 2.0 stable |
| 75 | Babeltrace | Bug | Resolved | Normal | API Documentation for libbabeltrace | Julien Desfossez | 2.0 stable |
| 140 | Babeltrace | Bug | Resolved | Normal | babeltrace API deal with the underscore | Julien Desfossez | 2.0 stable |
| 139 | Babeltrace | Bug | Resolved | Normal | babeltrace API misses functions to access field properties | Julien Desfossez | 2.0 stable |
| 88 | LTTng-tools | Bug | Resolved | Normal | doc problem : option -a enable tracepoints and syscalls | Julien Desfossez | 2.0 stable |
| 84 | Babeltrace | Bug | Resolved | Normal | coherency between const and non-const parameters | Julien Desfossez | 2.0 stable |
| 55 | Babeltrace | Bug | Resolved | Normal | public header format.h requires internal header types.h | Julien Desfossez | 2.0 RC1 |
| 18 | Babeltrace | Feature | Resolved | Normal | Define the libbabeltrace API for trace reading | Julien Desfossez | 2.0 RC1 |
| 144 | LTTng-tools | Bug | Resolved | Low | ltnng view should display an explicit error message when babeltrace is not installed | Julien Desfossez | 2.0 stable |
