

LTTng - Bug #1023

Error message on enabling event/all event for -j/-l/-p

06/14/2016 10:38 AM - Jonathan Rajotte Julien

Status: Confirmed	Start date: 06/14/2016
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version: 2.9	
Description	
To reproduce:	
<pre>lttng create lttng enable-event -p -a (success) lttng enable-event -p -a (fail) Error: Events: UST event already enabled (channel channel0, session auto-20160614-103428) Error: Command error</pre>	
This message should be:	
<pre> Error: Events: Python event already enabled (channel channel0, session auto-20160614-103428) Error: Command error</pre>	
Same behavior for -l and -j
