

LTTng-tools - Bug #1117

ltnng-relayd should use specific major.minor versions for relay-consumer and relay-viewer protocols

06/01/2017 09:36 PM - Mathieu Desnoyers

Status:	New	Start date:	06/01/2017
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Currently, it uses RELAYD_VERSION_COMM_MAJOR/MINOR, which are increased at each LTTng minor release, and therefore automatically bump the minor version even though there are no new features added.
