

Babeltrace - Bug #1144

Babeltrace 1.5.3 intermittent error on lttng-live hooking

12/15/2017 02:45 PM - Jonathan Rajotte Julien

Status:	New	Start date:	12/15/2017
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
<pre>[error] get_next_index failed [error] Stream 18446744073709551615 is not declared in metadata. [error] Open file mmap stream error. [error] [Context] Cannot open_mmap_trace of format ctf. [error] Error adding trace [warning] [Context] Cannot open_trace of format lttng-live at path net://localhost:50758/host/ci-node-standalone-amd64-02/trace. [warning] [Context] cannot open trace "net://localhost:50758/host/ci-node-standalone-amd64-02/trace" for reading. [error] opening trace "net://localhost:50758/host/ci-node-standalone-amd64-02/trace" for reading. [error] none of the specified trace paths could be opened.</pre>			
Relay output:
